

# Questions to Ask Before Buying an E-Bike

Although you're excited to buy an e-bike, make sure you get the one that's perfect for you by asking yourself these questions first:

---

## What Type of E-Bike Do You Want?

- Cargo, Commuter/City, Fat Tire, Off-Road, Folding, E-Trike, Road Bike, Hybrid
- Budget: What are you willing to pay?

[Discover the popular brands, models, & prices!](#)

---

## Where Do You Intend to Ride?

- Paved road vs off-road
- Private property or public
- Bike paths or bike lanes

[Get more info on electric bike "classification" & where you are allowed to ride!](#)

---

## How Fast Do You Want to Go?

- Throttle for bursts of speed
- 10-20 mph
- 20-28 mph
- As fast as I can go

[Find out how fast an e-bike can go & how tires, weight, & programming affect it!](#)

---

Read the articles listed below each question to find out what you need to know before buying an electric bike!
